

CINP 2026 CONGRESS

June 26-29 • Glasgow

Advancing Brain
Health Together

37TH World Congress of Neuropsychopharmacology

Joint Meeting with the Scandinavian College
of Neuropsychopharmacology

CINP

Sponsorship & Exhibition Prospectus

2026 sees the World Congress of Neuropsychopharmacology return to the UK for the first time in over 25 years. CINP2026, the 37th World Congress, will be held in Glasgow, UK at the Scottish Events Campus from Friday June 26th to Monday June 29th 2026, around the theme 'Advancing Brain Health Together'.

Of particular note is the Mental Health Mission (MHM) a new initiative involving 18 UK universities, funded by the Office for Life Sciences, with partnerships in NHS healthcare trusts across the country. The MHM aims to increase capacity in mental health research to support industry led research and investment across the UK. This will build on the UK's world class science and research capabilities, ensuring the NHS has access to the latest innovations.

Specific focus will be paid to addressing both areas of unmet need and high burden of mental illness. The MHM seeks to overcome some of the bottlenecks and barriers to the set up and conduct of clinical trials that have traditionally slowed progress in mental health trials.

Glasgow is recognised for its world-leading research in neuroscience, while the UK more widely has had—and continues to have—significant influence in the field of neuropsychopharmacology, both historically and in terms of current research. A number of innovative research initiatives within the UK are currently advancing our understanding of neurological and psychiatric disorders. At Imperial College London, researchers have identified liraglutide, a drug traditionally used for diabetes and weight loss, as a potential neuroprotective agent for Alzheimer's disease. Their study demonstrated that patients treated with liraglutide experienced nearly a 50% reduction in brain volume loss and a slower decline in cognitive function, suggesting its efficacy in mitigating neurodegenerative processes. Additionally, the Centre for Psychedelic Research at Imperial, led by Professor Dave Nutt and Dr. David Erritzoe, is conducting the world's first clinical and mechanistic study of psilocybin therapy for gambling addiction, aiming to elucidate the brain mechanisms underlying addiction and mental health disorders.

In Scotland, the University of Edinburgh is at the forefront of integrating neuroimaging and genetic research to unravel the complexities of psychiatric disorders. Professor Heather Whalley is leading studies that combine multimodal imaging techniques with genetic data to investigate the mechanisms underlying conditions such as schizophrenia and bipolar disorder. This approach holds promise for identifying biomarkers that could lead to more targeted and effective treatments. Furthermore, the University of Sheffield has launched Midland Pharmaceuticals, a company focused on developing therapeutics for stroke and spinal cord injury. Their lead compound, MLP-1236, targets inflammation in the central nervous system, representing a novel strategy in neurotherapeutic development.

CINP2026 will bring together experts from research and medical institutions, leading worldwide regulatory authorities and major pharmaceutical firms to create a framework for a cohesive collaboration between academia, industry and governmental institutions toward the innovative development and appropriate use of central nervous system drugs.

CINP's role has become more significant year by year as brain disorders continue to increase and diversify throughout the world. Previously biennial, the congress has been held annually since 2021, rotating worldwide. Based upon past audience trends, we anticipate that at least 1500 international experts from over 50 countries will participate in CINP2026, as it returns to Europe for the first time since 2018.

The congress offers potential sponsors a significant and unique opportunity to showcase emerging therapies, technologies and services to a truly global audience of clinicians and researchers. Your continuing support, particularly at such a challenging time for the global economy, is invaluable. It enables us to build upon our previous work to enhance international collaboration, increase outreach to the areas which offer most scope for potential growth and to continue to develop the field of neuropsychopharmacology.

We would therefore like to thank you for your past support, and to look forward to a mutually beneficial partnership. We would be delighted to answer any questions you may have and hope to hear from you soon.

With my best wishes,

CINP 2026 Chair
Allan Young
CINP Vice President

Glasgow, United Kingdom

On behalf of the Scandinavian College of Neuropsychopharmacology (SCNP), it is a great pleasure to invite you to the 2026 Joint Meeting with the Collegium Internationale Neuro-Psychopharmacologicum (CINP).

The histories of our two colleges have been linked since the very beginning. SCNP's founding President, Arvid Carlsson, established the college in 1959 after discussions with the CINP leadership, later serving as CINP President himself. This legacy of collaboration and shared purpose continues to guide us today.

The 2026 Joint Meeting will take place from 26–29 June 2026 at the Scottish Events Campus in Glasgow. As part of this event, SCNP will host a dedicated one-day meeting on Friday 26 June, open to all joint meeting delegates. The main CINP Congress programme will also feature:

- A Scandinavian Plenary Lecture,
- Several SCNP-led symposia, and
- An SCNP Early Career Symposium, highlighting the work of emerging Scandinavian researchers selected through open competition.

We warmly encourage all international colleagues to join us for this unique opportunity. By bringing together diverse perspectives, we aim to strengthen scientific dialogue, build bridges between regional and global research communities, and foster collaborations that will advance neuropsychopharmacology worldwide.

We look forward to welcoming you to Glasgow and to sharing the Scandinavian contribution within a truly international congress.

With best wishes,

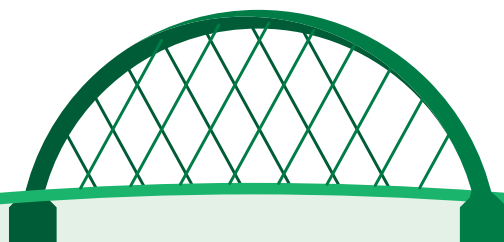

Prof. Sophie Erhardt
SCNP President

About CINP

The International College of Neuropsychopharmacology (CINP) is a truly worldwide organization established over 60 years ago in Zurich, Switzerland and can count on a widespread support from all over the world by its active members. Holding regular meetings in form of Training, Educational Programs, International Meetings and World Congresses, CINP reaches interested researchers all over the world. Clinicians hear about the latest research advances and new treatments whilst researchers hear about new clinical needs and problems. Therefore, CINP is dedicated to promoting research and education on a worldwide basis.

THE ONLY GLOBAL COMMUNITY FOCUSED
ON NEUROPSYCHOPHARMACOLOGY

cinp.org

Glasgow

Glasgow is a dynamic city where world-class research, creativity, and enterprise come together to deliver exceptional business events and ground-breaking innovation. As Scotland's largest city, it's renowned for its thriving academic scene, its rich cultural life, and warm, welcoming spirit.

With its compact layout, rich architectural heritage, and excellent transport links, Glasgow offers conference organizers and delegates a seamless experience. Glasgow is also a major centre for life sciences in the UK, with strengths in precision medicine, drug discovery, clinical trials, and public health.

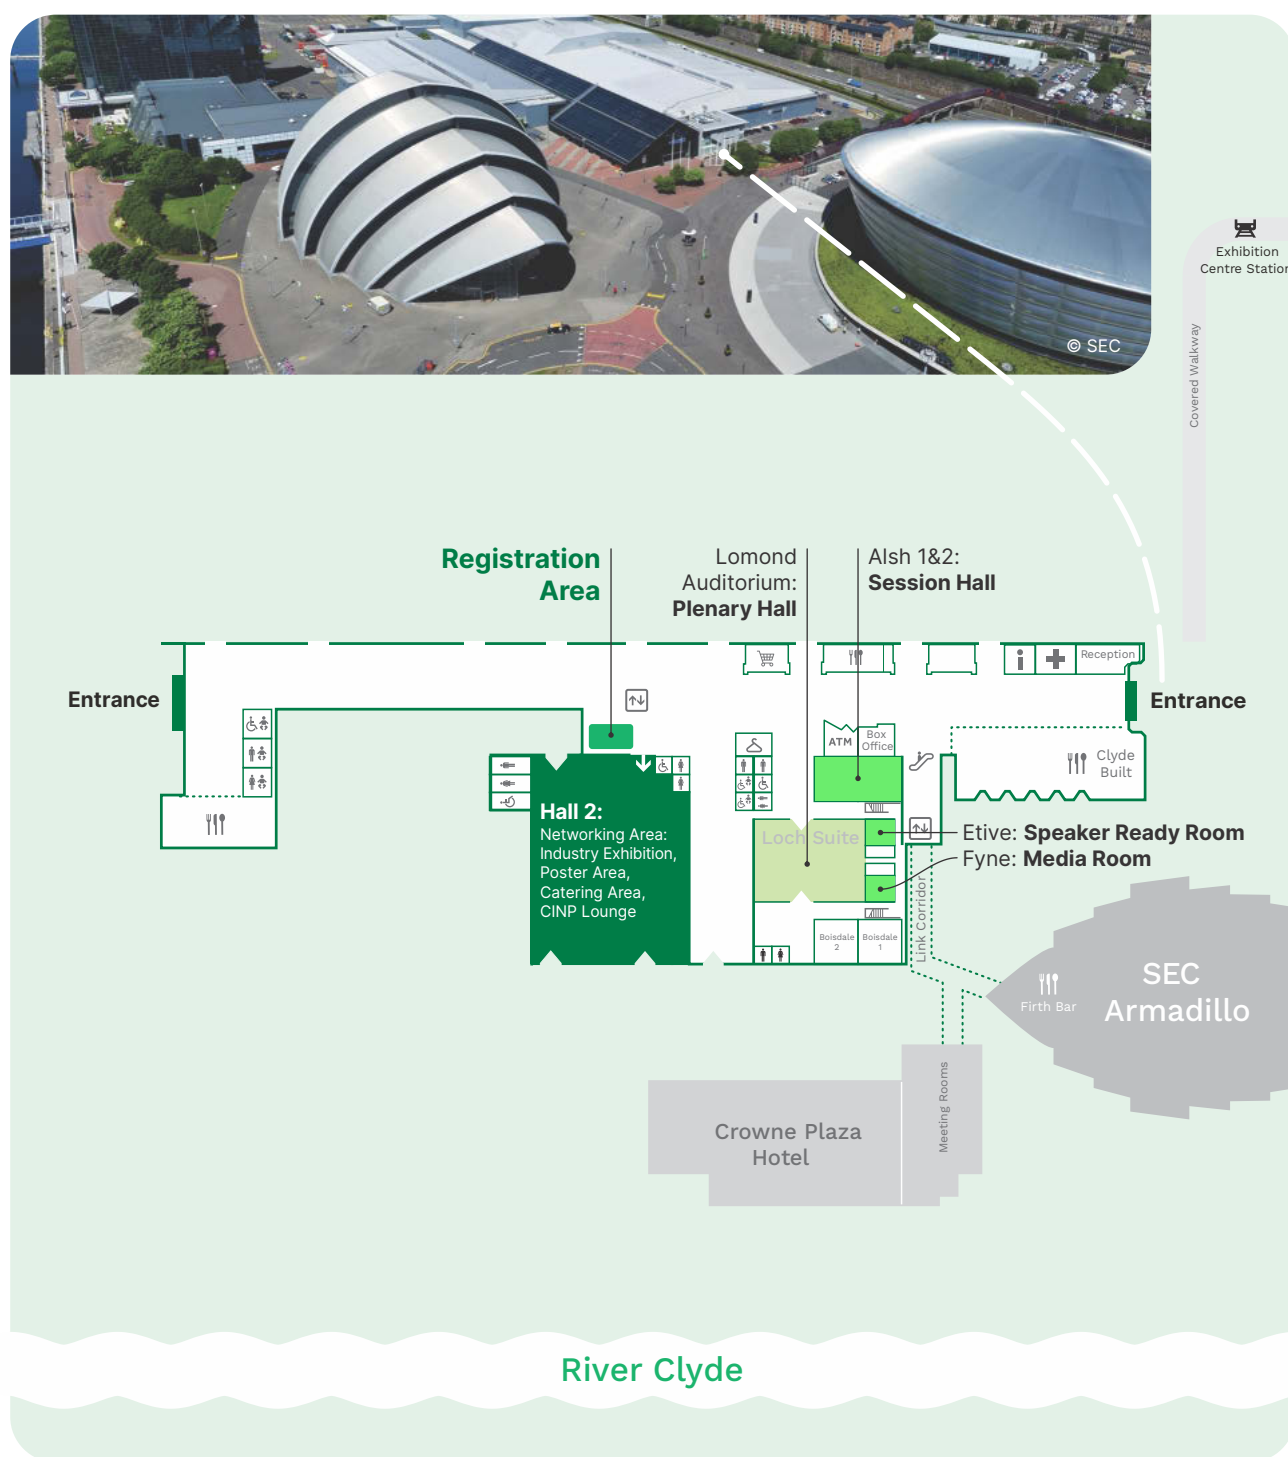

Version May 2025. Errors and omissions excepted.

The Venue

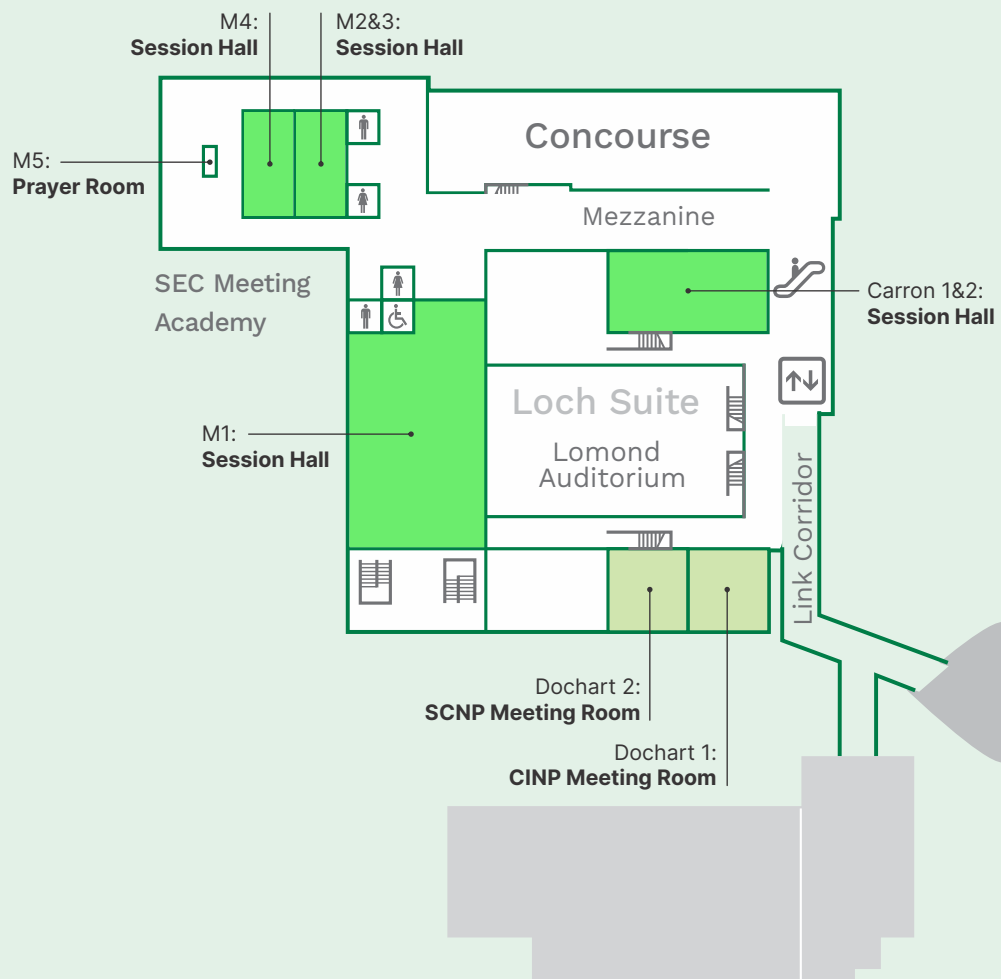

Located on the River Clyde, the Scottish Event Campus (SEC) in Glasgow is within walking distance of the city centre and just 30 minutes from the airport. It is the largest conference centre in Scotland, spread across two floors. Several hotels are nearby, with the Crowne Plaza directly connected to the venue. Restaurants and shops are available on-site.

Sponsorship Levels & Benefits

We can help you to build a sponsorship package that matches your budget and fulfils your objectives. To reach a sponsorship level, you can:

- Pick “a-la-carte” items from the options shown in this prospectus;
- Make a general contribution to the Congress;
- Choose a combination of these two options. If the total amount of your “a-la-carte” items does not reach the minimum amount for the sponsorship level of your choice, you may add a general contribution amount which will go to the overall funding of the Congress.

CINP 2026

Sponsorship Levels

	PLATINUM	GOLD	SILVER	BRONZE	SUPPORTER
	GBP 55,000	GBP 37,000	GBP 26,000	GBP 13,500	below GBP 13,500

Exhibition Space

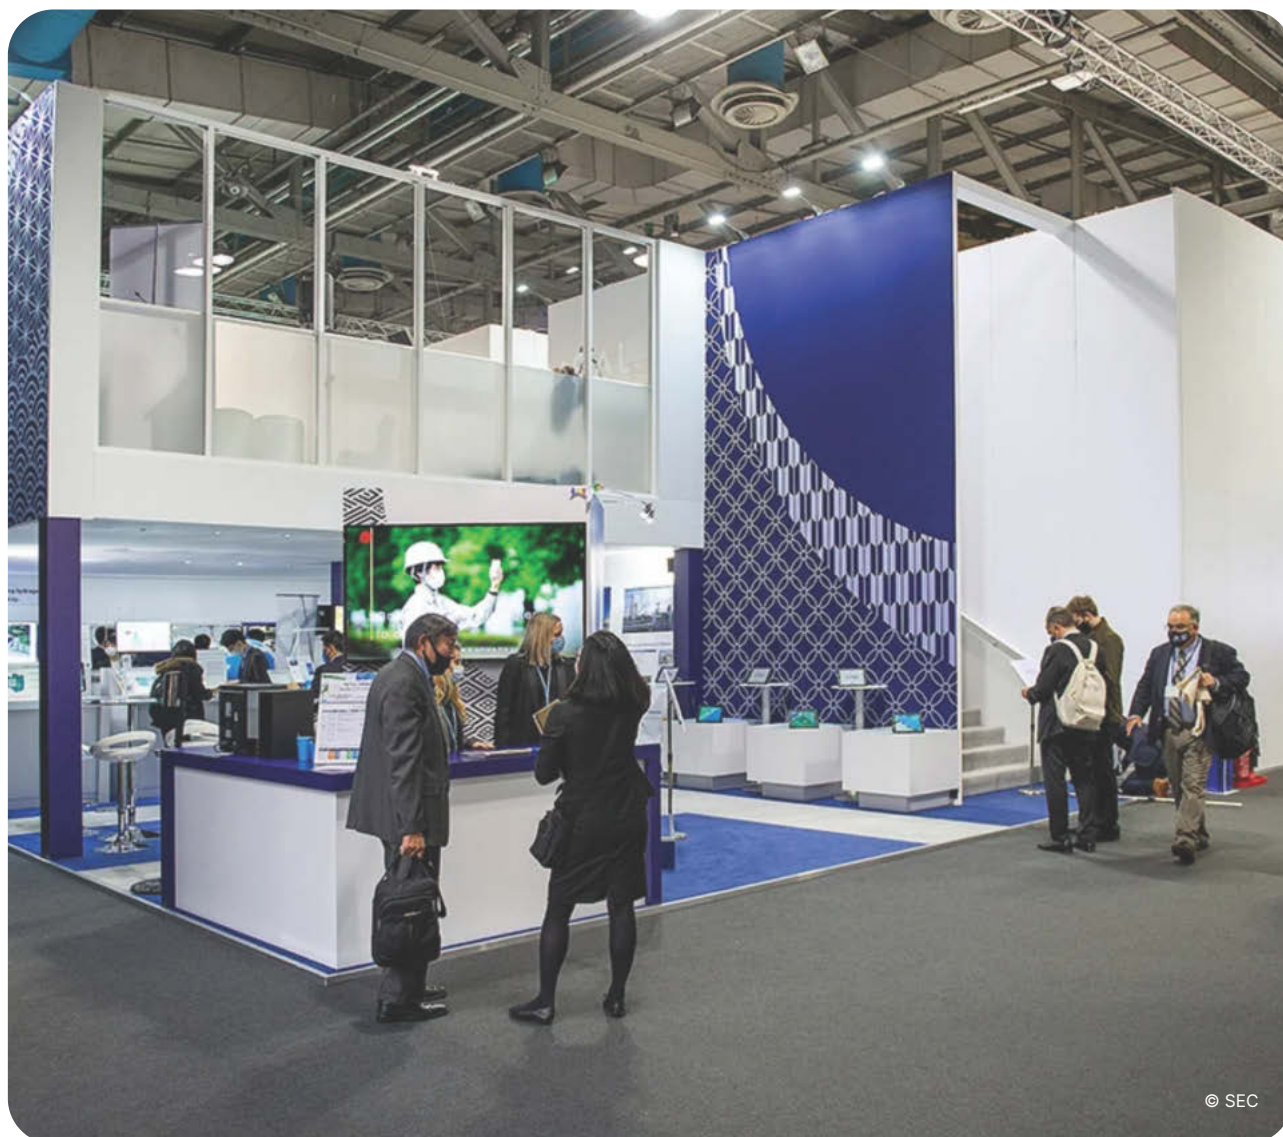

THE RENTAL PRICE INCLUDES:

- General cleaning of public areas and gangways
- Access to the Welcome Reception for registered exhibitors
- Access to the Networking Area for registered exhibitors
- Company logo displayed on the congress website and in the congress app
- Company profile featured in the congress app
- Acknowledgement on the onsite exhibitor board.

Please note:

Space rental does not include shell schemes, furniture, services (e.g., stand cleaning), or supplies (e.g., electricity).

Each stand must have partition walls separating it from neighboring stands. The cost of constructing these walls will be the responsibility of the exhibitor.

© SEC

Symposia

LUNCH OR BREAKFAST SYMPOSIUM (60 minutes)

The sponsor will have the opportunity to demonstrate the company's scientific research to the congress delegates. The following rooms are available:

GROUND FLOOR

- Lomond Auditorium: 624 pax theatre
- Alsh 1&2: 300 pax theatre

LEVEL 1

- M1: 400 pax theatre
- Carron 1&2: 255 pax theatre
- M2&3: 100 pax theatre
- M4: 100 pax theatre

The following is included in the symposium price:

- Inclusion of the symposium's program on the congress website and in the congress app.
- 1 Push notification via the congress app, announcing the symposium.
- All symposia will be promoted in the official CINP newsletter, prior to the congress. The newsletter is received by approximately 9,000 recipients.
- Promotion of your symposium with the company's own roll up in front of the session room (max 2x2m). Set-up: 10 min prior to the session. Dismantling: At the end of the symposium.
- Standard audio/visual equipment and technical assistance is included.
- For Lunch Symposia: The Symposium Organizer will be responsible to provide lunch bags for the delegates attending the symposium – not mandatory, but highly recommended.

Be visible on-site

RECHARGE AREA SPONSORSHIP

Exclusive sponsorship

Just like devices, delegates occasionally need to recharge. This sponsorship offers you the opportunity to create a dedicated recharge area within the exhibition space, where attendees can relax and recharge both themselves and their phones.

The Recharge Area provides a valuable opportunity to enhance your brand's on-site visibility. All artwork and planned activities must be approved in advance by the Congress Organizer.

Sponsorship costs do not include expenses related to construction, furniture, production, or shipping, which are the responsibility of the sponsor.

Be visible on-site

ON-SITE ADVERTISEMENT BANNERS

Limited availability. For Platinum and Gold Sponsors only.

Advertisement banners can be displayed in designated areas throughout the venue. For available locations and specifications, please contact us for more details.

Sponsorship costs do not include production or shipping expenses, which are the responsibility of the sponsor.

WATER DISPENSERS

Exclusive sponsorship

To ensure delegates stay hydrated during long congress days, we plan to place branded water dispensers in both the session room areas and the exhibition.

COFFEE & LUNCH BREAKS

Exclusive sponsorship

Become a sponsor of all coffee- & lunch breaks throughout the congress to increase your visibility in the exhibition & poster area.

All activities planned by the supporting company need to be approved by the Congress Organizer. The costs for sponsorship are exclusive of the sponsor's production and shipping cost.

NETWORKING EVENT

Exclusive sponsorship

Support the official CIMP 2026 Networking Dinner to increase your visibility in a unique manner.

All activities planned by the supporting company at the Networking Event need to be approved by the Congress Organizer. The costs for sponsorship are exclusive of the sponsor's production and shipping cost.

MEMBERS' LOUNGE

Exclusive sponsorship upon request, by arrangement

HOSPITALITY SUITE

This room can be used by the sponsor for the duration of the congress

It can be furnished at the sponsor's own expense according to the supporting company's activities in this room.

- The hospitality provided must be compliant with all relevant industry codes
- The hospitality suite room will be included on directional signage of the congress

All activities must be approved by the CIMP Congress Organizer. The costs for sponsorship are exclusive of the sponsor's production and shipping cost.

Be visible online

CONGRESS APP

The app will be available for download for iOS and Android devices one week prior to the congress and is a useful tool for every delegate. These are the branding opportunities:

- **Splash screen (exclusive sponsorship)**
A custom screen designed by the sponsor will appear each time the app is launched.
- **Rotating Banner**
A sponsor banner displayed on the app's landing page, rotating among featured sponsors.
- **Push Notification**
One dedicated push notification (up to 200 words) will be sent to all delegates who have downloaded the app. As there will be no printed congress program, we anticipate a high usage rate of the app among attendees.

MAIL BLAST (limited availability)

- Sent out between June 8 and 14, 2026: GBP 1100
- Sent out between June 15 and 21, 2026: GBP 2000
- Sent out between June 22 and 25, 2026: GBP 3000

- The Congress Organizer will distribute a mailing on behalf of the sponsor to all registered congress delegates.

The content needs to be approved by the Congress Organizer.

Educational Sponsorship

CINP BRAIN HEALTH BASIC & CLINICAL RESEARCH AWARDS

These prestigious prizes are given to recognize scientist's outstanding contribution to psychopharmacology in the field of basic and clinical research. They will be awarded at the CINP 2026 Congress.

STUDENT ENCOURAGEMENT AWARD

This award is to encourage PhD students globally to participate in and experience the CINP 2026 Congress.

RAFAELSEN YOUNG INVESTIGATORS AWARD

The Young Investigator Award is open to individuals world-wide and shall support the attendance of young scientists at the CINP 2026 Congress.

All costs related to the awards will be covered by CINP. Detailed information on all awards can be found on the CINP Website: <https://cinp.org/Awards-&-Competitions>

Packages & Customised Arrangements

We are keen to collaborate to help your company find the taylor-made combination of promotional tools that best suits your marketing strategy.

Should you wish to take advantage of more than one of the opportunities listed above, please let us know. Package prices are available upon request.

Moreover, we welcome our corporate partners' own proposals as to alternative requests. We are happy to discuss your specific requirements! Please contact cinp.sponsor@aimgroup.eu

I would like to apply for an exhibition space at the CINP 2026 Congress:

Size of area: sqm Preferred space number:

☐ Exhibition Space (GBP 500 + tax per sqm stand size) GBP

TERMS OF PAYMENT

§ 40% will be invoiced upon signature.

§ 60% remaining will be invoiced on December 1st, 2025.

§ For orders after December 1st, 2025: Full payment upon signature.

All payments must be made on time. Delay of payment may cause cancellation of the booth or may lead to denial of setup.

EXHIBITION LAYOUT

The organizer reserves the right to change the exhibition floor layout if necessary. The organizer reserves the right to amend or alter the exact site of the location and/or booth in any unforeseen circumstances and the exhibitor agrees to any alteration to the site or the space re-allocated by the organizer. Combined exhibition spaces will be deemed as one single space and a new space number might be given.

EXHIBITION STAND/ REGULATIONS/ MANUAL

The exhibitor accepts all regulations that will be published in the Technical Exhibition Manual. The organizer reserves the right to prohibit any action taken at the exhibition space if deemed dangerous and/or is violating the regulations of the Technical Manual.

To ensure the quality and safety of the exhibition it is necessary that all spaces will be equipped with either a shell scheme stand or a custom-made stand that clearly separates from any neighboring space (roll up banners or similar are not sufficient) at the cost of the exhibitor.

CONFIRMATION

Confirmation of your reservation and booth allocation will be e-mailed to you with an accompanying tax invoice for the deposit due.

All companies are required to pay tax at the prevailing rate, if applicable.

CANCELLATION POLICY

Cancellation received in writing:

§ upon signature: 10% cancellation fee.

§ on or after October 30th, 2025: 40% cancellation fee.

§ on or after January 8th, 2026: 60% cancellation fee.

§ on or after February 8th, 2026: 100% cancellation fee.

Cancellation Handling Fee: GBP 100

This application is legally binding once confirmed by AIM Austria GmbH and subject to the law of the Federal Republic of Austria. Errors and omissions excepted. All items are subject to availability.
